Portfolio: your-portfolio-link.com

Professional Summary

Entry-level Software Developer with strong fundamentals in Java, Data Structures, Object-Oriented Programming, and database systems. Hands-on experience building full-stack applications using Java, Spring Boot, Angular, and MySQL. Passionate about clean code, scalable systems, and continuous learning.

Technical Skills

Programming Languages: Java, JavaScript, HTML, CSS
Frameworks & Libraries: Spring Boot, REST APIs, J2EE, Angular, Tailwind CSS
Databases: MySQL, MongoDB
Tools & Platforms: Git, GitHub, Maven, Postman, VS Code
Concepts: OOP, DSA, MVC Architecture, Microservices (Basics)

Experience

Web Development Intern — Norien Technologies, Vaniyambadi   Feb 2024 – Apr 2024

- Developed responsive UI components using Angular and Tailwind CSS.
- Integrated Spring Boot REST APIs for frontend-backend communication.
- Worked in Agile development cycles using Git for version control.
- Debugged and optimized application performance across frontend and backend.

Projects

Smart Tender & Contract Management System (Blockchain)   Feb 2024 – Apr 2024
Angular, Spring Boot, Solidity, MongoDB

- Built admin and vendor dashboards for managing tenders and bids.
- Developed Ethereum smart contracts to automate tender validation.
- Ensured transparency and security through blockchain integration.

Bus Pass Management System   Aug 2023 – Oct 2023
Java, Spring Boot, MySQL

- Implemented secure student login and approval workflows.
- Designed CRUD operations for bus pass management.
- Applied validation logic for accurate and verified approvals.

Education

B.E. Computer Science Engineering   Jun 2024
Adhiyamaan College of Engineering, Hosur
CGPA: 8.19 / 10

Certifications

- Full Stack Web Development — Infosys Springboard (2023)
- Spring Boot Development — GUVI (2024)
- Front-End Development — Meta (2023)
